

MT. MANSFIELD

*Skiing**

PUBLISHED FOR THE MEMBERS OF THE MT. MANSFIELD SKI CLUB

SUMMER

1958

Dear Friend:

It would have been nice to send you the usual summer issue of our Club Paper—but as you see, we did not get beyond the cover design.

Last season, unexpected though worthwhile expenses drained our funds too soon—and that **despite your generous support of our Junior Skiing Program and World Championship Competitions in Europe.**

Four of the racers representing the U.S. were selected from our club, Sally Deaver winning a Silver Medal; and all others made an impressive showing in various international meets.

Now, let's not get the idea that our chief purpose is the development of winning competitors—they are simply the happy result of our dedicated efforts to sustain the ideals of Amateur Skiing, to make it better and safer for all.

This season—yes, it's about here!—we expect to enroll over a hundred youngsters in the Junior Skiing Program, with paid expert instruction and volunteer supervision and transportation.

Could you imagine these well taught boys and girls, imbued with love of mountain and snow, ever joining a "beat generation"?

Your dues are the main support of our aims: please do not delay your renewal, and allow us to plan ahead.

Slopes and trails at Stowe will again be improved and meticulously maintained. Last winter, but for very short periods, a chair was ready for anyone in twenty minutes, just long enough for a chat or a smoke.

In behalf of your club management, with my best greetings,

Frank Springer-Miller

Chairman, Membership Committee

P.S. Our fall meeting will be held at Spruce House, November 29th, at 8:00 P.M. Dancing and refreshments will follow the business meeting. Hope to see you all there.
